PROJECTS

FRONTEND:

1. My Portfolio (Next.js):

Domain: (<https://www.imhasanraza.com/>)

Created a personal portfolio using Nextjs, React, Tailwind css and GSAP.

2. Car Rental Marketplace (Next.js, Sanity, Stripe Integration and more):

GitHub: (<https://github.com/Hasanraza25/car-rent-nextjs>)

Vercel: (<https://car-rent-hackathon.vercel.app/>)

3. Ecommerce Marketplace (Next.js):

GitHub: (<https://github.com/Hasanraza25/Ecommerce-site>)

Vercel: (<https://hasan-ecommerce-site.vercel.app/>)

4. Responsive Websites (Bootstrap & SASS):

Built five and more stylish, responsive sites:

- Patrix (<https://patrix-chi.vercel.app/>)
- Sproutes (<https://sproutes.vercel.app>)
- Burger House (<https://hasanraza25.github.io/Burger-house/>)
- Applab (<https://hasanraza25.github.io/AppLab-Bootstrap/>)
- Veterinary (<https://hasanraza25.github.io/Veterinary-bootstrap/>)

5. Resume Builder Hackathon (HTML, CSS, JavaScript):

Created a Static and Editable Resume Builder with smooth user experience.

- Static: (<https://milestone-1-psi.vercel.app/>)
- Editable: (<https://dynamic-resume-builder-by-hasan.vercel.app/>)

BACKEND:

1. Admin Panel (PHP): (<https://github.com/Hasanraza25/dreamsms-php>)

Built an admin dashboard for SMS management.

2. Book Website (Laravel 9): (<https://github.com/Hasanraza25/dreambooks-laravel>)

Created a fully functional book website with a complete frontend and backend, including an admin panel using Laravel 9, Blade templates, and Breeze for authentication.

3. Inventory System (Laravel 11):

(<https://github.com/Hasanraza25/inventory-management-system-laravel>)

Developing an inventory management system with full use of Laravel features like Blade and Breeze.
